

Be seen and heard at SUU on...

SUTV is operated on an educational access channel of the Optimum (formerly Bresnan Communications) cable TV system in Cedar City, Utah. The station broadcasts through the facilities of Southern Utah University (SUU) located in the Centrum building on the University campus.

SUTV operates on cable channel 9 and serves the Cedar City area.

Programming for SUTV comes primarily from local programs produced by SUU Broadcasting students, faculty and staff. It includes educational shows from various sources and from the Classic Arts Showcase - a sort of classical MTV.

Local/educational programs are broadcast weekdays during the semester in the late afternoon/early evening hours and repeated the following morning. The balance of the time, Classic Arts Showcase is broadcast. The station operates 24 hours a day, 365 days a year. Most of the local programs are produced by students enrolled in Communication classes at SUU.

SUTV produces a live half hour news cast each Thursday during the school year. The show is entirely produced, written, directed and staffed by students in Comm. 3504 Television Practicum class. Each show airs live on SUTV Cable 9 and repeats several times each week as well as being streamed live on SUTV's web site.

Sponsorship Opportunities on SUTV-9

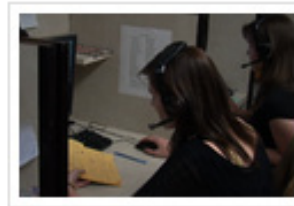

- Underwriting sponsorships on the student-run television station located on the SUU campus are a great way to create interest and brand awareness throughout the Iron County area.
- Each television sponsorship package includes a thirty second radio spot that runs once-an-hour between programming segments as time permits.
- Production is available at additional cost.
